Dear The Federal Communications Commission,

Congratulations on your appointment to Chair the FCC. I am writeing to give you my input on the the fair share plan. I do not belive in it I mean an avrage joe like me I dont use the phone that much and i dont make all that much money. On the other hand you have theses big businesses that have the money and use it 24/7 so there for you should not pass the burden to the little people. Give it to the big businesses.

Sincerely,

wesley doyle
